VERTEX VX-820 SERIES

Good things come in small packages!

The smallest radio offered by Vertex Standard may be compact, but don't be deceived - it is designed to perform in the most demanding and critical conditions. The VX-820 series are manufactured to withstand rain, snow, fire suppression spray as well as meeting waterproofing standard IP57.

More Reasons to choose the VX-820 series:

- Compact yet robust build
- Waterproofing standard of IP57
- VHF: 134-174MHz
- UHF: 400-470MHz; 450-520MHz
- 72.V 2000maH Li-Ion battery included to extend battery life up to 20 hours +;
- An emergency button that automatically sends an emergency alert to other radios;
- Loud audio output for practical use in noisy environments.

Compact in design and intrinsically safe, the VX-820 series is ideal for supporting tough industrial environments such as construction, mining and manufacturing.
