NEWSLETTER: *May / June 2008*

SPECIAL

Order any brand mobile radio during the months of May and June 2008, let us install it for you at only \$75.00 (excl. GST) and receive a CD51-68-73 antenna ***ABSOLUTELY FREE.***

TWO-WAY RADIO LEASE

Why use your capital to buy two-way radio equipment when you can lease it? For only \$3.00 (approximately) per radio per week, you can address your communication needs without using your capital. After the leasing period, all the equipment becomes yours.

For further information or a price on leasing, please give Johnny a call on 0409 447 952.

100% MAINTENANCE LEASE

When you purchase new radios on a 100% maintenance lease option you won't pay for any repairs or maintenance on any of your equipment over the leased period. A fixed amount per week will cover all costs and the other advantage is that you will be able to accurately budget for all costs.

Contact us to discuss this option.

PRODUCT INFORMATION

GARMIN GPS 305 FORERUNNER SPORTS WATCH

Form meets function with Garmin's next-generation, sleek and stylish line of personal trainer – the Forerunner 305. Don't let its good looks fool you. These taskmasters will continually push you to do your personal best. It continuously monitors your heart rate, speed, distance, pace and calories burned so you can train smarter, more effectively. It tracks your every move with a super-sensitive GPS that even works on tree-covered trails and near tall buildings. Receive a detailed post-workout analysis on the PC with included Garmin Training Center™ software.

The Forerunner 305 keeps you on track with innovative features including:

- New! Sleek, stylish, lightweight design that "wraps" the GPS antenna around part of the wrist for a better view of the sky, improving reception during training
- New! High-sensitivity GPS receiver provides faster acquisition times and improves tracking under trees and near tall buildings
- New! Robust ANT wireless heart rate monitor with softer, more comfortable chest strap and superior battery life eliminates cross-talk with other devices to reliably measure and send heart rate data, and helps you train in your zone
- New! Customisable screens let you view up to 12 data fields on 3 data screens for immediate feedback on the information you need most when training
- Multi-sport™ capability lets you seamlessly transition between sports without resetting the unit, so you can use it for running, biking, and more.
