

Mobile/Street Navigation

NUVI 300

- Hi Bright, Hi Resolution touch screen;
- SiRF III high-sensitivity GPS receiver;
- MPT3 player;
- Audio book player;
- World time clock;
- Currency/measurement converters;

NUVI 310

- Same features as the NUVI 300;
- Hands-free Bluetooth wireless technology and text-to-speech.
- Text-to-speech – announces street names, POIs and address rather than simple “turn left, turn right”;
- *Garmin Lock* anti-theft feature.

NUVI 760

- Same features as NUVI 310;
- Super-bright, widescreen display;
- Integrated FM wireless transmitter;
- Bluetooth wireless technology
- *SiRFstarIII* high-sensitivity GPS receiver;
- Preloaded with city navigator Australia;

STREETPILOT C510

- Touch screen interface with automatic route calculation and turn-by-turn voice-prompted directions utilizing the “text-to-speech” feature which announces street names.
- *SiRFstarIII* high-sensitivity GPS receiver;

STREET PILOT 7200

- Includes all Garmin’s popular features;
- Designed for larger vehicles such as 4X4’s, trucks and buses;

QUEST

- The pocket-sized GPS is easy-to-use, loaded with high-end navigation features and it’s **portable**;
- Use in multiple vehicles or slip in your pocket for handy street-level directions when you’re navigating on foot;
- Automatic routing;
